

FARHAN ATTAR

Nashik, Maharashtra | +91 7841844192 | farhaan.attar313@gmail.com | linkedin.com/in/farhan-attar-b6006228b

PROFESSIONAL SUMMARY

Results-driven B.Tech Computer Science student with hands-on experience in Full Stack Development, object-oriented programming, and the software development life cycle (SDLC). Proficient in Java, Python, SQL, and Git with a strong foundation in data structures and algorithms, OOP, and software engineering principles. Proven ability to design, develop, test, and deploy scalable applications. Collaborative team player with strong problem-solving and communication skills.

TECHNICAL SKILLS

Languages: Java, Python, C++, HTML, CSS, JavaScript.,

Frameworks & Libraries: Spring Boot, Spring Data JPA, JDBC, React, Node.js

Databases & Tools: MySQL, SQL, Git, GitHub, Postman, PowerBI.,

Core Competencies: Data Structures, Object-Oriented Programming (OOP), REST API Development, SDLC, etc.,

PROFESSIONAL SKILLS: Problem Solving, Analytical Thinking, Communication, Team Collaboration, Adaptability, Project Management, Leadership, Time Management.,

WORK EXPERIENCE

Java Full Stack Developer (Training) | ExcelR

Feb 2026 – Present

- Designing and developing full-stack applications using Java, Spring Boot, React, and MySQL, applying OOP principles and software engineering best practices.
- Implementing REST APIs with CRUD operations, database integration via Spring Data JPA.
- Utilizing Git and GitHub for version control, branching, and collaborative development workflows.

Software Developer Intern | Acrylic Solutions Pvt. Ltd., Nashik

Mar 2025 – Sep 2025

- Led end-to-end software development for a MERN full-stack project, overseeing design, development, testing, and deployment phases within SDLC guidelines.
- Enforced coding standards and conducted code reviews for a team of 30 engineering students, ensuring maintainable and efficient code delivery.
- Managed project documentation and ensured timely delivery of software modules..

Data Analytics Intern | Paarsh Infotech., Nashik

Nov 2024 – Feb 2025

- Collected, cleaned, and analyzed business datasets to identify trends, patterns, and actionable insights.
- Worked with SQL and Excel to extract, organize, and process large volumes of structured data.
- Developed interactive dashboards, reports and data visualizations to support business decision-making.

PROJECTS

- Zilla Parishad Govt. Portal System:** Designed and developed a full-stack web application using Java and SQL to manage user and admin data with role-based access control. Applied OOP principles, RESTful API design, and followed SDLC best practices from requirement analysis through deployment.
- Train Booking System:** Built a Java-based train booking system applying core data structures and algorithms to manage seat allocation and booking logic. Demonstrated strong OOP design.
- Struct Engineering Website:** Developed a responsive full-stack web platform for a steel detailing business using HTML, CSS, and JavaScript, incorporating customer feedback forms and real-time business information with clean, cross-browser-compatible code.
- Marsh AI Voice Assistant:** Created a Python-based desktop assistant with voice command capabilities.

EDUCATION

SSC | MVP's Maratha Highschool, Nashik | 96.60%

2019 - 2020

HSC | MVP's KTHM College, Nashik | 66.17%

2020 - 2022

B.Tech in Computer Science and Engineering

2022 – 2026 (Expected)

MET Bhujbal Knowledge City, Nashik | CGPA: 7.95 (VIIth Sem)

CERTIFICATIONS

Java Full Stack Development – ExcelR

Data Analytics – IIT Kanpur (Techkriti & Jobaaj)

Programming Language Certifications (C, C++, Python, Java, JavaScript, MySQL, React, Node.js, DSA, HTML, CSS) – Coding Seekho
